### ACTUARIAL COMMITTEE MEETING

July 27, 2023

(512) 463-1736 (800) 213-9425 WWW.PRB.TEXAS.GOV

#### TEXAS PENSION REVIEW BOARD ACTUARIAL COMMITTEE MEETING AGENDA

#### Thursday, July 27, 2023 – 10:00 AM

#### William P. Clements Building, Fourth Floor, Room 402

#### 300 W. 15<sup>th</sup> Street, Austin, TX, 78701

Committee members may attend this meeting by videoconference pursuant to Texas Government Code §551.127. One or more committee members, including the presiding officer, will be physically present at the physical location of the meeting listed above. The meeting will be accessible to the public at the physical location listed above. The public may access the meeting virtually by joining via the Zoom link: <u>https://us02web.zoom.us/j/85415851734</u>. A livestream of this meeting, agenda materials of the meeting, and a recording of the meeting will be made available at <u>www.prb.texas.gov.</u>

The Committee may discuss or take action regarding any of the items on this agenda. A quorum of the Administrative Committee will be present during the Actuarial Committee meeting, but no Administrative Committee matters will be discussed.

- 1. Meeting called to order
- 2. Roll call of committee members
- 3. Administrative matters
  - a. Consideration and possible action to approve November 3, 2022, meeting minutes
- 4. Invitation for public comment
- 5. Request for proposal for independent actuary to perform the actuarial analysis of Dallas Police & Fire Pension System required by Section 2.025, Article 6243a-1, Vernon's Texas Civil Statutes
- 6. Preliminary summary of systems authorized under Texas Government Code Chapter 810 that offer 100 percent lump sum options
- 7. Future meetings: Agenda items, dates, locations, and related matters
- 8. Adjournment

NOTE: The Committee may go into closed session concerning any item on this agenda as authorized under the Texas Open Meetings Act, Government Code, Chapter 551. Persons with disabilities who plan to attend this meeting and who may need special assistance are requested to contact Lindsay Seymour at (800) 213-9425/ (512) 463-1736 as far in advance as possible, but

no less than three business days prior to the meeting date so that appropriate arrangements can be made.

How to provide public comment: Members of the public who wish to provide public comment to the committee may attend the meeting in person at the address above or register for the meeting using the Zoom link provided above. If you wish to provide comment remotely by Zoom, you must contact Lindsay Seymour (<u>lindsay.seymour@prb.texas.gov</u>) no later than Wednesday, July 26. Note that public comments will be limited to no more than three minutes.

# Item 3. Administrative matters a. Consideration and possible action to approve November 3, 2022, meeting minutes

#### **Actuarial Committee Meeting Minutes**

#### November 3, 2022

#### 1. <u>Meeting called to order (0:10)</u>

The third meeting of 2022 of the Actuarial Committee was called to order Thursday, November 3, 2022, at 10 a.m. in capitol extension room E2.026, 1100 Congress Avenue, Austin, Texas, 78701.

#### 2. <u>Roll call of committee members (0:20)</u>

Committee members present:

Chair Keith Brainard Marcia Dush Stephanie Leibe

A quorum being present, the meeting was called to order by Chair Brainard.

#### 3. <u>Committee administrative matters (0:37)</u>

#### a. May 18, 2022, meeting minutes

Chair Brainard entertained a motion to suspend the reading of minutes of the May 18, 2022, meeting and approve them as circulated.

The motion was made by Ms. Leibe and seconded by Ms. Dush.

#### The motion passed unanimously.

#### 4. Invitation for public comment (1:13)

There were no public comments.

#### 5. <u>Continuing education: Updates to Actuarial Standard of Practice 4 – Measuring Pension</u> <u>Obligations and Determining Pension Plan Costs or Contributions (1:54)</u>

Chair Brainard noted that the item would count for 3/4 of a credit hour for continuing education and provided instructions for participants.

Mr. Fee provided a brief overview of Actuarial Standard of Practice 4, then updated the committee on key changes effective for reports with measurement dates after February 15, 2023, concerning:

- Reasonable actuarially determined contribution
- Low-Default-Risk Obligation Measure
- Disclosures

#### 6. <u>Update from City of Austin Employees Retirement System on potential plan changes</u>

#### <u>(1:12:33)</u>

Chair Brainard asked Lewis Ward, with GRS and consulting actuary for the City of Austin Employees Retirement System (COAERS), for his opinion on the proposed plan changes. Mr. Ward replied that moving to an actuarial determined contribution funding model and increasing member and city contributions would be beneficial to the system. Mr. Ward noted that the proposed plan changes were like the City of Houston and Austin Police system reforms, but that COAERS would potentially adopt a shorter amortization period.

Chris Hanson, Executive Director of COAERS, and Belinda Weaver, Treasurer for the City of Austin, presented a summary of the system's proposed funding changes. These changes included a new, lower discount rate, higher contributions, and working with the city to lower the system's amortization period. Mr. Hanson stated that key funding risks were liability growth, ability to meet capital market assumptions, and the lack of additional investment gains. He discussed funding issues the plan had faced in the past and acknowledged that the plan would likely trigger a Funding Soundness Restoration Plan in the future.

Mr. Hanson stated that legislative action would be needed to enact the proposed changes. The committee discussed current and future normal cost rates with Mr. Ward, and Mr. Hanson discussed further administrative and benefit changes COAERS would like to make.

Ms. Weaver spoke on the collaborative efforts that COAERS and the city have invested in the proposed plan changes.

#### 7. Future meetings: Agenda items, dates, locations, and related matters (1:42:36)

Chair Brainard stated the next committee meeting was TBD. He noted the next PRB meeting would take place on December 8, 2022, in capitol extension room E2.028.

#### 8. Adjournment (1:43:05)

The meeting was adjourned at 11:43 a.m.

#### Public in attendance:

| Eddie Solis - COAERS | Art Alfaro - TEXPERS | Belinda Weaver - City of Austin |
|----------------------|----------------------|---------------------------------|
| Lewis Ward - COAERS  | Ariana Whaley - ERS  | Chris Hanson - COAERS           |

#### PRB staff in attendance:

| Amy Cardona    | Wes Allen     | Bryan Burnham | John Goodell  | David Fee       |
|----------------|---------------|---------------|---------------|-----------------|
| Madilyn Jarman | Mariah Miller | Robert Munter | Ashley Rendon | Lindsay Seymour |

Chair Keith Brainard

# Item 5: Request for proposal for independent actuary to perform the actuarial analysis of Dallas Police & Fire Pension System

Tamara Aronstein and David Fee

### Summary

- Goal for presentation
- Amendment to MOU
- Selection update and recommendation
- Next steps

### Amendment to MOU

- Executed amendment to MOU with Dallas Police & Fire Pension System (DPFP) to make the following changes:
  - Extend MOU to 6/2/2025 (Last day of 89th legislative session, anticipated end date of contract per the RFP).
  - Incorporate reporting/planning responsibilities required by statute.
  - Specify role of both the PRB and DPFP to collaborate to complete reports and assist Legislature on potential DPFP legislation during next session.

## Selection Update and Recommendation

- Received two proposals.
- Committee members read and scored proposals independently, then discussed scoring totals and merits of the proposals.
- Committee determined respondent interviews were not needed.
- Selection committee recommendation is based on:
  - Strength of proposal
  - Understanding of work contemplated
  - Qualifications of the firm and proposed team
  - Experience with Texas pension systems

### Next Steps

- Finalize selection by July 31, 2023.
- Contract negotiation and execution (no PRB involvement anticipated).
- 2022 AV replication, analysis, and draft report/recommendations expected to be completed in October 2023 with presentation to DPFP board November 9, 2023.
- 2023 AV replication, analysis, and draft report/recommendations expected to be completed in January/February 2024 with presentation to DPFP board February 8, 2024.
- PRB may invite DPFP and the independent actuary to present at future board or committee meetings.
- PRB report due to the Legislature by December 1, 2024.

# Item 6: Preliminary Research on District/Supplemental Plan Lump Sum Assumptions

David Fee

### Summary

- Methodology
- List of systems that offer complete cashouts
- Actuarial equivalence basics
- Actuarial equivalence used for lump sums
- Actuarial valuation assumptions
- Lump sum vs actuarial valuation comparisons
- Sample lump sum calculations
- Next steps

## Methodology

- Reviewed latest plan documents received from each special purpose district plan
- Identified key plan provisions
  - When are lump sums offered?
  - What interest rate is used to calculate lump sums?
  - What mortality table is used to calculate lump sums?

### Systems That Offer Complete Cashouts

|   | Full Lump Sums Offered |            |  |
|---|------------------------|------------|--|
| System                                    | Pre-<br>Retirement     | Retirement |  |
| Citizens Medical Center                   | Y                      | Y          |  |
| Colorado River Municipal Water District   | Y                      | Y          |  |
| CPS Energy                                | Y                      | Ν          |  |
| Houston MTA Non-Union                     | Y                      | Y          |  |
| Irving Supplemental                       | Y                      | Y          |  |
| JPS Tarrant County Hospital District      | Y                      | Y          |  |
| Lower Colorado River Authority            | Y                      | Y          |  |
| Lower Neches Valley Authority             | Y                      | Y          |  |
| Nacogdoches County Hospital District      | Y                      | Y          |  |
| Refugio County Memorial Hospital District | Y                      | Y          |  |
| Sweeny Community Hospital                 | Y                      | Y          |  |
| University Health System                  | Y                      | Y          |  |

12 out of 34 district/supplemental plans offer full lump sum options

### **Actuarial Equivalence Basics**

- Two components
  - Interest Rate
  - Mortality Table
- Interest Rate
  - Works like a mortgage
    - \$3,000 monthly payment buys a more expensive house with a lower interest rate.
    - \$3,000 monthly payment results in a higher lump sum with a lower interest rate.
- Mortality Table
  - In general, more recent mortality tables reflect longer expected retiree lifetimes and generate higher lump sums.

## Actuarial Equivalence for Lump Sums

|   | Lump Sum Assumptions                         |                         |                                |
|---|--|-------------------------|--------------------------------|
| System                                    | Interest Rate                                | Mortality<br>Table Year | Mortality Table Description    |
| Citizens Medical Center                   | 8.0%   | 1984                    | UP Unisex                      |
| Colorado River Municipal Water District   | 30-year Treasuries                           | 1994                    | GAR Unisex                     |
| CPS Energy                                | 8.5%   | 1984                    | UP Unisex set forward one year |
| Houston MTA Non-Union                     | 7.0%   | 1971                    | GAM Female                     |
| Irving Supplemental                       | 7.0%   | 1984                    | UP Unisex                      |
| JPS Tarrant County Hospital District      | 8.0%   | 1984                    | UP Unisex                      |
| Lower Colorado River Authority            | 8% unless 30-year Treasuries<br>are below 5% | 2000                    | RP Unisex                      |
| Lower Neches Valley Authority             | Not available                                | Not available           | Not available                  |
| Nacogdoches County Hospital District      | 7.5%   | 1983                    | GAM Unisex                     |
| Refugio County Memorial Hospital District | 7.0%   | 1994                    | GAR Unisex                     |
| Sweeny Community Hospital                 | 8.0%   | 1984                    | UP Unisex                      |
| University Health System                  | 8.0%   | 1994                    | GAM Unisex                     |

### **Actuarial Valuation Assumptions**

|   | Actuarial Valuation Assumptions |                      |  |  |
|---|---------------------------------|----------------------|--|--|
| System                                    | Interest Rate                   | Mortality Table Year | Mortality Table Description                      |  |
| Citizens Medical Center                   | 7.0%                            | 2012                 | Pri-2012 with projected improvements             |  |
| Colorado River Municipal Water District   | 5.5%                            | 2012                 | Pri-2012 Blue collar with projected improvements |  |
| CPS Energy                                | 6.3%                            | 2010                 | PubG-2010 with projected improvements            |  |
| Houston MTA Non-Union                     | 7.0%                            | 2010                 | PubG-2010 with projected improvements            |  |
| Irving Supplemental                       | 7.3%                            | 2014                 | RP-2014 with projected improvements              |  |
| JPS Tarrant County Hospital District      | 6.0%                            | 2012                 | Pri-2012 with projected improvements             |  |
| Lower Colorado River Authority            | 7.0%                            | 2010                 | PubG-2010 with projected improvements            |  |
| Lower Neches Valley Authority             | 6.8%                            | 2012                 | Pri-2012 with projected improvements             |  |
| Nacogdoches County Hospital District      | 5.8%                            | 2012                 | Pri-2012 with projected improvements             |  |
| Refugio County Memorial Hospital District | 6.8%                            | 2012                 | Pri-2012 with projected improvements             |  |

| University Health System                  | 2010   | 1994  |  |

<sup>1</sup> All include projected mortality improvements <sup>2</sup> None include projected mortality improvements

### Sample Lump Sum Calculations

| Calculations at Age 65 Retirement     |                  |                    |                       |
|---------------------------------------|------------------|--------------------|-----------------------|
| Mortality Table Description           | Interest<br>Rate | Monthly<br>Annuity | Resulting Lump<br>Sum |
| UP 1984 Unisex                        | 7.90%            | \$3,000            | \$296,719             |
| PubG-2010 with projected improvements | 6.62%            | \$3,000            | \$405,623             |

| Calculations at Age 45 Termination    |                  |                    |                       |
|---------------------------------------|------------------|--------------------|-----------------------|
| Mortality Table Description           | Interest<br>Rate | Monthly<br>Annuity | Resulting Lump<br>Sum |
| UP 1984 Unisex                        | 7.90%            | \$500              | \$8,874               |
| PubG-2010 with projected improvements | 6.62%            | \$500              | \$18,770              |

7.90 percent is the average lump sum interest rate for the six systems using UP 1984 lump sum mortality 6.62 percent is the average valuation interest rate for the six systems using UP 1984 lump sum mortality

### Next Steps

- Confirm any plan provision changes with district/supplemental systems.
- Summarize research with finalized assumption data.
