See more information on the PRB website.

Funding Policy:

A system and its sponsor shall jointly develop and adopt a written funding policy that details the governing body's plan for achieving a funded ratio that is equal to or greater than 100 percent. (§802.2011)

Funding Soundness Restoration Plan:

A system is required to notify its associated governmental entity if it receives an actuarial valuation indicating the system's actual contributions are insufficient to achieve an amortization period of 30 years or less. If the system's amortization period exceeds 30 years over a few valuations, the system and its associated governmental entity shall jointly formulate a **Funding Soundness Restoration Plan (FSRP)**. (§802.2015, §802.2016) See more information on the PRB website.

Each FSRP shall:

- be designed to achieve a contribution rate sufficient to amortize the unfunded actuarially accrued liability (UAAL) within 30 years no later than two years after the

triggering AV or Sept. 1, 2025, whichever is later. (§802.2015(e)(2)(A))

- be adopted during open meetings of the governing bodies of both system and sponsor. (§802.2015(e)(4))
- be submitted to the PRB not later than the 31st day after the date on which the plan or any change is agreed to (§802.2015(g))

Progress Reports: The system and sponsor are required to provide progress reports to the PRB no later than the first anniversary of the date of the AV that required an FSRP and each subsequent six-month period until an FSRP is submitted. The first draft must include a projected timeline for enactment of the plan and identify actions that various entities must take to approve or enact the plan. Each subsequent progress report should include a draft plan and a description of any changes under consideration. (§802.2015(f) and 40 T.A.C. §610.31(b))

Legacy Funding Soundness Restoration Plan (L-FSRP):

A very small number of systems have L-FSRPs that were formulated before the law was changed in 2021. If a system is adhering to one of these L-FSRPs, it may continue operating under the old version of the FSRP statute under certain conditions. (Former §802.2015(d-1) in effect before Sept. 1, 2021.)

Minimum Educational Training Program:

The PRB is mandated to develop, administer, and track compliance with an educational training program for trustees and system administrators. (§801.211) The Minimum Educational Training (MET) Program in 40 T.A.C. Ch. 607 requires public retirement systems to report qualified training and other information related to the program.

Summary of Information to be Provided to Members:

When a person becomes a member of a retirement system, the system must provide:

- a summary of plan benefits and procedures for claiming them; and
- a summary of provisions for employer and employee contributions, withdrawal of contributions, and eligibility for benefits, including any right to terminate employment and retain eligibility.

In addition, each system must provide to active members and annuitants:

- a summary of any significant change that is made in statutes or ordinances governing the retirement system and any significant change that affects contributions, benefits, or eligibility before the 271st day after the day the change is adopted;
- an annual statement of the amounts of the member’s total accumulated contributions and total accumulated service credit; and
- a summary of the financial condition of the system if the actuary finds the financing arrangement is inadequate under an advanced funding actuarial cost method.

On written request, a non-contributing member may receive any of the information provided to active members of the system.

Texas Local Fire Fighters Retirement Act

The Texas Local Fire Fighters Retirement Act (TLFFRA) allows for paid and part-paid fire departments and volunteer fire departments in participating cities to administer their own local retirement systems. TLFFRA provides a general framework for the establishment of TLFFRA systems, including some investment restrictions, but leaves administration, plan design, contributions, and specific investments to each system’s local board. Systems operating under TLFFRA are entirely locally funded. The following are duties assigned to the PRB related to TLFFRA systems.

1. The agency provides technical assistance and information to the TLFFRA systems on various issues, including service verification; questions relating to the TLFFRA statute; and reporting requirements. (V.T.C.S. Article 6243e Sec. 18B(a))
2. The PRB must assign one person to specialize in providing assistance to TLFFRA plans. (V.T.C.S. Article 6243e Sec. 18B(b))
3. The PRB refers any TLFFRA system member appeals to the State Office of Administrative Hearings, and for the convenience of TLFFRA systems and their members, provides a TLFFRA Notice of Appeal Form and procedure for the referral. (V.T.C.S. Article 6243e Sec. 22)

See Vernon’s Texas Civil Statutes Article 6243e and the PRB website for more information on TLFFRA systems.

(2) require that a retirement system submitting information required for the review or study described under Section 801.202(1) or (2) include the form with the submission.

§801.2012. Negotiated Rulemaking and Alternative Dispute Resolution Procedures

(a) The board shall develop and implement a policy to encourage the use of:

The board shall develop a system to track compliance with the minimum training requirements by trustees and system administrators and shall report the level of compliance in the biennial report required by Section 801.203.

(c) The curriculum of the educational training program under this section may include optional training classes for trustees, system administrators, and other employees of public retirement systems.

(d) To the extent practicable, the board shall make training classes reasonably accessible to trustees and system administrators of public retirement systems on an Internet website maintained for that purpose.

(e) The board may adopt rules and appropriate fees to administer and provide educational training programs under this section. The fees set by the board must be reasonable to pay the actual costs incurred by the board to conduct the training classes. The fees must be paid from a source considered appropriate by the governing body of the public retirement system. A public retirement system may provide its own educational training to its trustees and system administrators if the board determines that the system's training meets or exceeds the minimum training requirements established by the board. A trustee or system administrator who participates in that approved educational training fulfills the minimum training requirements established by the board.

(a) The governing body of a public retirement system shall employ an actuary, as a full-time or part-time employee or as a consultant, to make a valuation at least once every three years of the assets and liabilities of the system on the basis of assumptions and methods that are reasonable in the aggregate, considering the experience of the program and reasonable expectations, and that, in combination, offer the actuary's best estimate

of anticipated experience under the program. The valuation must include a recommended contribution rate needed for the system to achieve and maintain an amortization period that does not exceed 30 years.

(b) On the basis of the valuation, the actuary shall make recommendations to the governing body of the public retirement system to ensure the actuarial soundness of the system. The actuary shall define each actuarial term and enumerate and explain each actuarial assumption used in making the valuation. This information must be included either in the actuarial study or in a separate report made available as a public record.

§802.1012. Audits of Actuarial Valuations, Studies, and Reports.

(b) Except as provided by Subsection (k), this section applies only to a public retirement system with total assets the book value of which, as of the last day of the preceding fiscal year, is at least \$100 million.

(c) Every five years, the actuarial valuations, studies, and reports of a public retirement system most recently prepared for the retirement system as required by Section 802.101 or other law under this title or under Title 109, Revised Statutes, must be audited by an independent actuary who:

- (1) is engaged for the purpose of the audit by the governmental entity; and
- (2) has the credentials required for an actuary under Section 802.101(d).

(d) Before beginning an audit under this section, the governmental entity and the independent actuary must agree in writing to maintain the confidentiality of any nonpublic information provided by the public retirement system for the audit.

(e) Before beginning an audit under this section, the independent actuary must meet with the manager of the pension fund for the public retirement system to discuss the appropriate assumptions to use in conducting the audit.

(f) Not later than the 30th day after completing the audit under Subsection (c), the independent actuary shall submit to the public retirement system for purposes of discussion and clarification a preliminary draft of the audit report that is substantially complete.

(g) The independent actuary shall:

(1) discuss the preliminary draft of the audit report with the governing body of the public retirement system; and

(2) request in writing that the retirement system, on or before the 30th day after the date of receiving the preliminary draft, submit to the independent actuary any response that the retirement system wants to accompany the final audit report.

(h) The independent actuary shall submit to the governmental entity the final audit report that includes the audit results and any response received from the public

retirement system:

§802.1024. Correction of Errors.

(a) Except as provided by Subsection (b), if an error in the records of a public retirement system results in a person receiving more or less money than the person is entitled to receive under this subtitle, the retirement system shall correct the error and so far as practicable adjust any future payments so that the actuarial equivalent of the benefit to which the person is entitled is paid. If no future payments are due, the retirement system may recover the overpayment in any manner that would be permitted for the collection of any other debt.

(a-1) On discovery of an error described by Subsection (a), the public retirement system shall as soon as practicable, but not later than the 90th day after the date of discovery, give written notice of the error to the person receiving an incorrect amount of money. The notice must include:

If the system does not receive a signed receipt evidencing delivery of the notice on or before the 30th day after the date the notice is mailed, the system shall mail the notice a second time by certified mail, return receipt requested. Except as provided by Section 802.1025, not later than the 90th day after the date the second notice is mailed, the system shall begin to adjust future payments or, if no future payments are due, institute recovery of an overpayment of benefits.

(b) Except as provided by Subsection (c), a public retirement system:

- (1) may correct the overpayment of benefits to a person entitled to receive payments from the system by the method described by Subsection (a) only for an overpayment made during the three years preceding the date the system discovers or discovered the overpayment;
- (2) may not recover from the recipient any overpayment made more than three years before the discovery of the overpayment; and
- (3) may not recover an overpayment if the system did not adjust future payments or, if no future payments are due, institute recovery of the overpayment within the time prescribed by Subsection (a-2) or Section 802.1025.

(c) Subsection (b) does not apply to an overpayment a reasonable person should know the person is not entitled to receive.

§802.1025. Complaint Procedure.

(a) Not later than the 20th day after the date of receiving notice under Section 802.1024(a-1) or, if applicable, the second notice under Section 802.1024(a-2), the notice recipient may file a written complaint with the retirement system. The recipient shall include any available supporting documentation with the complaint.

(b) Not later than the 30th day after the date of receiving a complaint under Subsection (a), the retirement system shall respond in writing to the complaint by confirming the amount of the proposed correction or, if the retirement system determines the amount of the proposed correction is incorrect, by modifying the amount of the correction. If the retirement system modifies the amount of the correction, the response must include:

- (1) how the modified correction was calculated;
- (2) a brief explanation of the reason for the modification; and
- (3) a payment plan option if no future payments are due.

(c) Subject to Subsection (d), if a complaint is filed under this section, the retirement system may not adjust future payments or recover an overpayment under Section 802.1024 until:

(1) the 20th day after the date the notice recipient receives the response under Subsection (b), if the recipient does not file an administrative appeal by that date; or

(2) the date a final decision by the retirement system is issued, if the recipient files an administrative appeal before the date described by Subdivision (1).

(d) If the retirement system has begun the adjustment of future payments or the recovery of an overpayment under Section 802.1024(a-2), the system shall discontinue the adjustment of future payments or the recovery of the overpayment beginning with the first pay cycle occurring after the date the complaint is received by the system. The system may not recommence the adjustment of future payments or the recovery of an overpayment until the date described by Subsection (c)(1) or (2), as applicable. If a complaint is resolved in favor of the person filing the complaint, not later than the 30th day after the date of the resolution, the system shall pay the person the appropriate amount.

(e) A person whose complaint is not resolved under this section must exhaust all administrative procedures provided by the retirement system. Not later than the 30th day after the date a final administrative decision is issued by the retirement system, a person aggrieved by the decision may appeal the decision to an appropriate district court.

§802.103. Annual Financial Report.

(a) The governing body of a public retirement system shall publish an annual financial report showing the financial condition of the system as of the last day of the fiscal year covered in the report. The report must include:

The governing body of the public retirement system and the governing body of the associated governmental entity shall jointly formulate a funding soundness restoration plan under Subsection (e) if the system's actuarial valuation shows that the system's expected funding period:

If a system does not provide an actuarial valuation to the board in accordance with this subsection, the board may request that the system provide a separate analysis of the combined impact of all changes to a funding soundness restoration plan adopted under this section not later than the 90th day after the date the board makes the request. An actuarial valuation or separate analysis conducted under this subsection must include:

(3) Repealed by Acts 1991, 72nd Leg., Ch. 131, Sec. 9, eff. Sept. 1, 1991.

§803.002. Purpose of Chapter.

The purpose of this chapter is to implement the authority granted the legislature by Article XVI, Section 67, of the Texas Constitution to provide a program of proportionate benefits to qualified members of more than one retirement system to which this chapter applies. It is contrary to the purpose of this chapter for a person or class of persons to receive, because of service in more than one retirement system to which this chapter applies, proportionately greater benefits from a particular system than a person who has rendered faithful career service under that one system.

§803.0021. Application of Chapter.

This chapter applies only to:

(1) a retirement system for general municipal employees in a municipality with a population of not less than 950,000 nor more than 1,050,000;

(2) the Employees Retirement System of Texas, the Teacher Retirement System of Texas, the Judicial Retirement System of Texas Plan One, the Judicial Retirement System of Texas Plan Two, the Texas County and District Retirement System, and the Texas Municipal Retirement System; and

(3) a retirement system that makes an election under Section 803.101(f).

§803.003. Construction of Chapter.

(a) The provisions of this chapter are exceptions to the other laws governing retirement systems to which this chapter applies and prevail over those laws to the extent of explicit conflict, but this chapter must be construed strictly as against those laws.

(b) Notwithstanding any other law, a person who is involuntarily transferred to a position included in the coverage of a retirement system governed by Chapter 101, Acts of the 43rd Legislature, 1st Called Session, 1933 (Article 6243b, Vernon's Texas Civil Statutes), from a position included in a retirement system operated by a municipality that does not

participate in a statewide retirement system governed by Chapter 101, Acts of the 43rd Legislature, 1st Called Session, 1933 (Article 6243b, Vernon's Texas Civil Statutes), may make an irrevocable election at the time of the transfer to continue membership in the municipal retirement system. An involuntary transfer is determined by the employment rules that apply to the person immediately before the time of the involuntary transfer.

SUBCHAPTER B. PARTICIPATION AND MEMBERSHIP

§803.101. Participation by Retirement Systems.

(a) Except as provided by Subsections (b) and (f), each retirement system to which this chapter applies is required to participate in the program of proportionate retirement benefits provided by this chapter.

(b) A subdivision participating in the Texas County and District Retirement System or a municipality participating in the Texas Municipal Retirement System is not required to participate in the proportionate retirement program if the subdivision or municipality elected not to participate under the authority of former law and has not revoked the election under Subsection (c).

(c) A subdivision or municipality that elected not to participate in the proportionate retirement program may revoke the election and elect to participate. An election to participate may be made by vote of the governing body of the subdivision or municipality in the manner required for official actions of the governing body. The governing body shall send notice of an election to participate to the board of trustees of the retirement system in which the subdivision or municipality participates.

(d) The effective date of participation in the proportionate retirement program by a subdivision or municipality electing to participate under Subsection (c) is the first day of the month after the month in which the appropriate board of trustees receives notice of an election.

(e) Participation in the proportionate retirement program includes all persons who are members of a retirement system to which this chapter applies and, in the case of members of the Texas County and District Retirement System or the Texas Municipal Retirement System, who are also employees or former employees of a subdivision or municipality participating in the proportionate retirement program.

(f) The governing body of a public retirement system in this state for municipal employees that is a qualified plan under Section 401(a) of the Internal Revenue Code of 1986 (26 U.S.C. Section 401) may elect to participate in the proportionate retirement program by adopting a resolution to that effect. A resolution may not be adopted under this subsection without the approval of the governing body of the municipality that finances the retirement system. The governing body of the retirement system shall notify all other participating retirement systems of the election. The effective date of participation in the proportionate retirement program by a retirement system for which an election is made under this subsection is the first day of the third month after the month in which notice is given under this subsection. An election under this subsection does not require the approval of the participants in the public retirement system making the election.

(g) The governing body of a municipality described by Section 803.0021(1) that finances a public retirement system for police officers or firefighters may not approve the retirement system's election under Subsection (f) to participate in the proportionate

retirement program unless an actuary acting on behalf of the municipality reviews the initial cost to the municipality of making the election.

(h) If the governing body of a public retirement system under Subsection (g) adopts a resolution to participate in the proportionate retirement program, the governing body of the municipality that finances the retirement system shall appropriate and pay to the retirement system, at the same time the municipality makes the municipality's monthly contribution to the retirement system, the additional amount necessary, as determined by the retirement system's actuary, to fund the additional liabilities incurred by the retirement system as a result of participating in the proportionate retirement program.

§803.102. Retirement System Membership.

(a) Membership in a retirement system to which this chapter applies does not terminate because of absence from service covered by that system during a period for which the member earns service credit in another retirement system to which this chapter applies for service performed for an employer other than a subdivision or municipality not participating in the program provided by this chapter.

(b) A person may continue membership in a retirement system to which this chapter applies while absent from service with all retirement systems to which this chapter applies if the person would be eligible, under the laws governing that system, to continue membership if the person's combined service credit had been earned in that system.

(c) In this section, a person's absence from service begins on the day after the last day of service covered by any retirement system to which this chapter applies.

§803.103. Limitation of Participation by Retirement Systems.

(a) Participation in the proportionate retirement program by a subdivision participating in the Texas County and District Retirement System or a municipality participating in the Texas Municipal Retirement System does not include:

(1) participation with a retirement system described by Section 803.0021(1) if the subdivision or municipality has elected to so limit its participation and has not revoked the election under Subsection (b); or

(2) participation with a retirement system described by Section 803.0021(3).

(b) A subdivision or municipality that has elected to limit its participation in the proportionate retirement program may revoke the election and remove the limitation on participation. An election under this subsection may be made by vote of the governing body of the subdivision or municipality in the manner required for official actions of the governing body. The governing body shall send notice of an election under this subsection to the board of trustees of the retirement system in which the subdivision or municipality participates.

(c) The effective date of a removal of a limitation on participation in the proportionate retirement program by a subdivision or municipality electing under Subsection (b) is the first day of the month after the month in which the appropriate board of trustees receives notice of the election.

SUBCHAPTER C. CREDITABLE SERVICE

§803.201. Retirement Eligibility Based on Combined Service Credit.

(a) A person who has membership in two or more retirement systems to which this chapter applies is subject to the laws governing each of those systems for determination of the person's eligibility for service retirement benefits from each system, except that, for the purpose of determining whether a person meets the length-of-service requirements for service retirement of a system, the person's combined service credit must be considered as if it were all credited in each system.

(b) A person's combined service credit is useable only in determining eligibility for service retirement benefits and may not be used in determining:

(1) eligibility for disability retirement benefits, death benefits, or any type of benefit other than service retirement benefits; nor

(2) the amount of any type of benefit.

(c) A person receiving service retirement or lifetime disability retirement benefits from one or more retirement systems to which this chapter applies may use the program provided by this chapter to qualify for subsequent service retirement under another retirement system to which this chapter applies in which the person has service credit, if the person was not eligible to retire under the latter system at the time of previous service retirement, or qualification for lifetime disability retirement benefits from a retirement system to which this chapter applies, or if the person's previous retirement was not based on combined service credit.

(d) Service credit earned with or allowed by more than one retirement system to which this chapter applies for the same service may be counted only once in determining the amount of a person's combined service credit.

§803.202. Service in Certain Retirement Systems.

(a) The board of trustees of the Employees Retirement System of Texas by rule may:

(1) consider the classes of service in the Employees Retirement System of Texas as if they were, for purposes of this chapter, classes in separate statewide retirement systems; or

(2) permit a person who is retiring exclusively from retirement systems administered by the board to use the shortest length-of-service requirement provided for retirement in any class in which the person has service credit.

(b) A member of a retirement system administered by the board of trustees of the Employees Retirement System of Texas may reestablish service credit previously canceled in another retirement system administered by the board if the member holds a position included in the system of which the person is a member and has held the position for at least 12 months. The method of reestablishment and the amount to be deposited are as provided by the applicable law providing for reestablishment of service credit generally in the particular retirement system.

(c) A member of the Employees Retirement System of Texas who is subject to Chapter 820 is eligible to participate in the program provided by this chapter.

(d) A member of the Judicial Retirement System of Texas Plan Two who is subject to Chapter 840A is eligible to participate in the program provided by this chapter.

§803.203. Reestablishment of Service Credit by Former Member.

(a) Except as provided by Subsection (g), a person who is a member of a retirement system participating in the program provided by this chapter may reestablish service credit, including prior service credit if applicable, previously canceled in another retirement system that is participating in the program provided by this chapter if the person:

(1) is not a current member of the system under which the service was performed;

(2) in the case of the Texas County and District Retirement System, does not have an open account with the subdivision for which the person performed the service for which the credit is sought; or

(3) in the case of an employee to whom Section 803.204 applies, does not have an open account with the employing hospital district, charitable organization, or administrative agency, as applicable, for which the person performed the service for which the credit is sought.

(b) A person may apply to reestablish service credit under this section by filing an application with the retirement system in which the service was originally credited and a certification that the applicant is currently a member of the certifying system.

(c) Except as provided by Subsection (f), the retirement system in which the service credit was originally credited shall grant the service credit after receiving an application and a certification required by Subsection (b) and:

(1) to reestablish service credit other than in the Texas County and District Retirement System, the Texas Municipal Retirement System, or the retirement system in which a hospital district, charitable organization, or administrative agency described by Section 803.204 participates, a contribution in the amount generally required to reestablish service credit in the system, including any applicable interest and membership fees;

(2) to reestablish service credit in the Texas County and District Retirement System, the Texas Municipal Retirement System, or the retirement system in which a hospital district, charitable organization, or administrative agency described by Section 803.204 participates, a statement that the applicant does not wish to make a contribution for the service credit; or

(3) at the applicant's option, to reestablish current service credit in the Texas County and District Retirement System, the actuarial present value of the additional standard service benefits that would be attributable to the credit based on rates and tables recommended by the actuary and adopted by the board of trustees of the system.

(d) A subdivision participating in the Texas County and District Retirement System under Subchapter H, Chapter 844, or a municipality participating in the Texas Municipal Retirement System may make a one-time election to authorize the reestablishment of service credit under this section by payment by an applicant of a contribution in the amount provided by Section 843.003 or 853.003, as applicable, for reestablishment of service credit generally in the particular system. If a subdivision or municipality makes an election under this subsection, the applicant has the choice of reestablishing service credit under Subsection (c)(2), (c)(3), if applicable, or this subsection.

(e) Service credit in the Texas County and District Retirement System, the Texas Municipal Retirement System, or the retirement system in which a hospital district, charitable organization, or administrative agency described by Section 803.204

participates that is reestablished under Subsection (c)(2) may be used only to meet eligibility requirements for benefits. Service credit reestablished in the Texas County and District Retirement System or the Texas Municipal Retirement System under Subsection (c)(3) or (d) has the same value as service credit performed for the particular subdivision or municipality at the time of deposit. The credit is creditable to the member's and employer's accounts in each subdivision or municipality for which the service was performed.

(f) To reestablish service credit in a public retirement system for municipal employees that has elected under Section 803.101(f) to participate in the program provided by this chapter, a person must pay the actuarial present value, as determined by the appropriate system, of the additional standard service retirement benefits that would be attributable to the credit. A person who is a member only of a system that has made an election under Section 803.101(f) must pay the actuarial present value, as determined by the appropriate system, of the additional standard service retirement benefits that would be attributable to the service credit to be reestablished in any other public retirement system participating in the program provided by this chapter.

(g) Service credit may not be reestablished under this section:

(1) if it is subject to Section 805.002(e); or

(2) in a subdivision participating in the Texas County and District Retirement System or a municipality participating in the Texas Municipal Retirement System if the person who seeks to reestablish the credit is a member only of a retirement system that the subdivision or municipality excludes from participation in the proportionate retirement program under Section 803.103.

(h) This section applies to an employee described by Section 803.204 on the date the federal government establishes as the effective date of the transfer of federally qualified health center status from a municipality described by Section 803.0021(1) to a hospital district, charitable organization, or administrative agency described by Section 803.204.

§803.204. Combined Service Credit in Certain Systems.

(a) This section applies only to an employee who:

(1) is a member of a municipal retirement system described by Section 803.0021(1);

(2) is employed by a hospital district, a charitable organization supervised, overseen, and effectively controlled by the hospital district, or an administrative agency created under Section 791.013, either before or after being employed by the employing municipality located in the same county as the hospital district, charitable organization, or administrative agency; and

(3) participates in a public retirement system:

(A) that is determined to be a qualified plan under Section 401(a), Internal Revenue Code of 1986 (26 U.S.C. Section 401(a)), of a hospital district, charitable organization, or administrative agency that is determined to be a governmental unit, or an agency or an instrumentality of a governmental unit; and

(B) that records and reports service credit as defined by Section 803.001.

(b) Any service credit earned by an employee described by Subsection (a) with a retirement system established by the hospital district, charitable organization, or

administrative agency will be combined under Section 803.201 to determine whether the employee meets the length-of-service requirements for service retirement under the municipal retirement system.

(c) On retirement, an employee described by Subsection (a) will receive a benefit from the municipal retirement system as determined by Subchapter D, and if the hospital district or administrative agency has established or participates in a retirement program or the charitable organization has a retirement plan, will receive a benefit from the hospital district, administrative agency, or charitable organization as determined by the terms of the district's, agency's, or organization's retirement plan.

(d) For purposes of this section, a charitable organization supervised, overseen, and effectively controlled by a hospital district or an administrative agency created under Section 791.013 is an agency or instrumentality of a governmental unit.

SUBCHAPTER D. BENEFITS

§803.301. Computation of Benefits Generally.

The amount of a benefit payable by a retirement system to which this chapter applies is determined according to and in the manner prescribed by laws governing that system and is based solely on a person's service credit in that system.

§803.302. Computation of Certain Benefits.

(a) If payable to or on behalf of a person who has used combined service credit to qualify for benefits from at least one retirement system to which this chapter applies, each of the following types of benefits must be computed as provided by Subsection (b):

(1) a base retirement annuity that does not vary in amount directly with the amount of a person's service credit;

(2) a fixed lump-sum death benefit payable on the death of a retiree;

(3) any death benefit payable on the death of a retiree who received service retirement benefits; and

(4) a survivor benefit payable to a beneficiary of a deceased retiree of the Teacher Retirement System of Texas.

(b) The amount of a benefit payable under Subsection (a) by a retirement system to which this chapter applies is a percentage, but not more than 100 percent, of the benefit that would be or would have been payable if the person retired or had retired on the basis of only the service that is credited in that system. The percentage applied is equal to the amount of service credit in that system, divided by the amount of service credit that would be or would have been required for the benefit if the person retired or had retired on the basis of only the service that is credited in that system.

SUBCHAPTER E. ADMINISTRATION

§803.401. Administration of Program.

(a) The board of trustees of each retirement system to which this chapter applies may adopt rules it finds necessary to implement the proportionate retirement program provided by this chapter.

(b) Each retirement system to which this chapter applies, under this chapter and other

laws governing the particular system, is responsible for determining:

(1) the eligibility of its members for benefits, including whether sufficient combined service credit exists to qualify members for proportionate retirement benefits from that system; and

(2) the amount and duration of proportionate retirement benefits payable by that system.

(c) Each retirement system to which this chapter applies shall cooperate with the other retirement systems to which this chapter applies in the implementation of the proportionate retirement program.

§803.402. Records.

Except as provided by other law, records of members and beneficiaries of a retirement system to which this chapter applies that are in the custody of any retirement system to which this chapter applies are confidential and not subject to disclosure and are exempt from the public access provisions of Chapter 552. The records or information in the records may be transferred between retirement systems to which this chapter applies to the extent necessary to administer the proportionate retirement program provided by this chapter.

§803.403 Repealed by Acts 1997, 75th Leg., Ch. 1048, Sec. 56(a), eff. Sept. 1, 1997.

CHAPTER 804. DOMESTIC RELATIONS ORDERS AND SPOUSAL CONSENT
SUBCHAPTER A. QUALIFIED DOMESTIC RELATIONS ORDERS

§804.001. Definitions.

In this chapter:

(1) "Alternate payee" means a spouse, former spouse, child, or other dependent of a member or retiree who is recognized by a domestic relations order as having a right to receive all or a portion of the benefits payable by a public retirement system with respect to such member or retiree.

(2) "Domestic relations order" means any judgment, decree, or order, including approval of a property settlement agreement, which relates to the provision of child support, alimony payments, or marital property rights to a spouse, former spouse, child, or other dependent of a member or retiree, and is made pursuant to a domestic relations law, including a community property law of the State of Texas or of another state.

(3) "Public retirement system" means the Employees Retirement System of Texas, the Judicial Retirement System of Texas Plan One, the Judicial Retirement System of Texas Plan Two, the Teacher Retirement System of Texas, the Texas County and District Retirement System, the Texas Municipal Retirement System, and any other continuing, organized program of service retirement, disability retirement, or death benefits for officers or employees of the state or a political subdivision or of an agency or instrumentality of the state or a political subdivision and includes the optional retirement program governed by Chapter 830. Public retirement system does not include:

(A) a program, other than the optional retirement program, for which benefits are administered by a life insurance company;

(B) a program providing only workers' compensation benefits;

(C) a program administered by the federal government;

(D) an individual retirement account or individual retirement annuity within the meaning of Section 408, or a retirement bond within the meaning of Section 409, of the Internal Revenue Code of 1986;

(E) a plan described by Subsection (d) of Section 401 of the Internal Revenue Code of 1986;

(F) a group or an individual account plan consisting of an annuity contract described by Subsection (b) of Section 403 of the Internal Revenue Code of 1986, other than a 403(b) contract or plan under the optional retirement program;

(G) an eligible state deferred compensation plan described by Subsection (b) of Section 457 of the Internal Revenue Code of 1986; or

(H) the program established by Chapter 615.

(4) "Qualified domestic relations order" means a domestic relations order which creates or recognizes the existence of an alternate payee's right or assigns to an alternate payee the right to receive all or a portion of the benefits payable with respect to a member or retiree under a public retirement system, which directs the public retirement system to disburse benefits to the alternate payee, and which meets the requirements of Section 804.003.

(5) "Statewide retirement system" means the Employees Retirement System of Texas, the Judicial Retirement System of Texas Plan One, the Judicial Retirement System

of Texas Plan Two, the Teacher Retirement System of Texas, the Texas County and District Retirement System, or the Texas Municipal Retirement System.

§804.002. Application of Chapters.

This subchapter and Subchapter C apply to each statewide retirement system and to the optional retirement program governed by Chapter 830. This subchapter and Subchapter C also apply to each other public retirement system for which the board of trustees of the system elects to adopt the provisions of this subchapter and Subchapter C. An election under this section must be by order or resolution and need not set out the text of this subchapter or Subchapter C. A board of trustees may not elect to adopt only this subchapter or Subchapter C.

§804.003. Qualified Domestic Relations Orders.

(a) Sections 811.005, 821.005, 831.004, 836.004, 841.006, and 851.006 and any similar antialienation provisions contained in any other public retirement system shall apply to the creation, assignment, recognition, or enforcement of a right to any benefit payable with respect to a member or retiree of a public retirement system to which the section applies pursuant to a domestic relations order unless the order is determined to be a qualified domestic relations order.

(b) Except as provided in Subsection (d), the administrative head of a public retirement system to which this chapter applies and to which a domestic relations order is submitted or his designee has exclusive authority to determine whether a domestic relations order is a qualified domestic relations order. A determination by the administrative head or his designee under this section may be appealed only to the board of trustees of the public retirement system. An appeal to the board of trustees of a statewide retirement system is a contested case under Chapter 2001. However, the board of a statewide retirement system by rule may waive the requirement of an appeal to the board. On appeal of a decision made by the board of trustees or by the administrative head if there is no appeal to the board under this section, the standard of review is by substantial evidence.

(c) Except as provided in Subsection (d), a court does not have jurisdiction over a public retirement system to which this chapter applies with respect to a divorce or other domestic relations action in which an alternate payee's right to receive all or a portion of the benefits payable to a member or retiree under the public retirement system is created or established. A party to such an action who attempts to make a public retirement system a party to the action contrary to the provision of this subsection shall be liable to the public retirement system for its costs and attorney's fees.

(d) Under the optional retirement program, applicable carriers shall determine whether a domestic relations order is a qualified domestic relations order. If a dispute arises over the determination of whether a domestic relations order is a qualified domestic relations order which cannot be resolved by the procedure described in Subsection (g), the court which issued the order or which otherwise has jurisdiction over the matter shall resolve the dispute with respect to a divorce or other domestic relations action in which an alternate payee's right to receive all or a portion of the benefits payable to a member or retiree under the optional retirement program is created or established.

(e) For the purposes of this section, benefits payable with respect to a member or retiree under the retirement system include the types of benefits payable by a public retirement system and a withdrawal of contributions from a public retirement system.

(f) A domestic relations order is a qualified domestic relations order only if such order:

(1) clearly specifies the:

(A) name and last known mailing address of:

(i) the member or retiree; and

(ii) each alternate payee covered by the order; and

(B) social security number, or an express authorization for the parties to use an alternate method acceptable to the public retirement system to verify the social security number, of the member or retiree and each alternate payee covered by the order;

(2) clearly specifies the amount or percentage of the member's or retiree's benefits to be paid by a public retirement system to each such alternate payee or the manner in which such amount or percentage is to be determined;

(3) clearly specifies the number of payments or the period to which such order applies;

(4) clearly specifies that such order applies to a designated public retirement system;

(5) does not require the public retirement system to provide any type or form of benefit or any option not otherwise provided under the plan;

(6) does not require the public retirement system to provide increased benefits determined on the basis of actuarial value;

(7) does not require the payment of benefits to an alternate payee which are required to be paid to another alternate payee under another order previously determined to be a qualified domestic relations order; and

(8) does not require the payment of benefits to an alternate payee before the retirement of a member, the distribution of a withdrawal of contributions to a member, or other distribution to a member required by law.

(g) A public retirement system may reject a domestic relations order as a qualified domestic relations order unless the order:

(1) provides for a proportional reduction of the amount awarded to an alternate payee in the event of the retirement of the member before normal retirement age;

(2) does not purport to require the designation of a particular person as the recipient of benefits in the event of a member's or annuitant's death;

(3) does not purport to require the selection of a particular benefit payment plan or option;

(4) provides clearly for each possible benefit distribution under plan provisions;

(5) does not require any action on the part of the retirement system contrary to its governing statutes or plan provision other than the direct payment of the benefit awarded to an alternate payee;

(6) does not make the award of an interest contingent on any condition other than those conditions resulting in the liability of a retirement system for payments under its plan provisions;

(7) does not purport to award any future benefit increases that are provided or required by the legislature;

(8) provides for a proportional reduction of the amount awarded to an

alternate payee in the event that benefits available to the retiree or member are reduced by law; and

(9) if required by the retirement system, conforms to a model order adopted by the retirement system.

(h) The administrative head of a public retirement system to which this chapter applies or his designee (or applicable carrier, if under the optional retirement program), upon receipt of a certified copy of a domestic relations order, shall determine whether such order is a qualified domestic relations order and shall notify the member or retiree and each alternate payee of such determination. If the order is determined to be a qualified domestic relations order, the public retirement system (or applicable carrier, if under the optional retirement program), shall pay benefits in accordance with the order. If the order is determined not to be a qualified domestic relations order, the member or retiree or any alternate payee named in the order may appeal the administrative head's determination in the manner specified in Subsection (b) or the optional retirement program carrier's determination in the manner specified in Subsection (d) and may petition the court which issued the order to amend the order so that it will be qualified. The court which issued the order or which would otherwise have jurisdiction over the matter has jurisdiction to amend the order so that it will be qualified even though all other matters incident to the action or proceeding have been fully and finally adjudicated.

(i) During any period in which the issue of whether a domestic relations order is a qualified domestic relations order is being determined by the agency administrative head, his designee, the board of trustees, a court of competent jurisdiction, optional retirement program carrier, or otherwise, the public retirement system shall separately account for the amounts, in this section referred to as the "segregated amounts," which would have been payable to the alternate payee during such period if the order had been determined to be a qualified domestic relations order.

Text of subsection as amended by Acts 2023, 88th Leg., R.S., Ch. 78 (S.B. 729), Sec. 1

(j) Except as provided by Subsection (k-1), if a domestic relations order is determined to be a qualified domestic relations order, then the public retirement system (or applicable carrier, if under the optional retirement program) shall pay the segregated amounts without interest to the person or persons entitled thereto and shall thereafter pay benefits pursuant to the order.

Text of subsection as amended by Acts 2023, 88th Leg., R.S., Ch. 1092 (S.B. 1245), Sec. 2

(j) Except as provided by Subsection (k-2), if a domestic relations order is determined to be a qualified domestic relations order, then the public retirement system (or applicable carrier, if under the optional retirement program) shall pay the segregated amounts without interest to the person or persons entitled thereto and shall thereafter pay benefits pursuant to the order.

Text of subsection as amended by Acts 2023, 88th Leg., R.S., Ch. 78 (S.B. 729), Sec. 1

(k) Except as provided by Subsection (k-1), if a domestic relations order is determined not to be a qualified domestic relations order or if within 18 months of the date a domestic relations order is received by the public retirement system (or applicable carrier, if under

the optional retirement program) the issue as to whether such order is a qualified domestic relations order is not resolved, then the public retirement system (or applicable carrier, if under the optional retirement program) shall pay the segregated amounts without interest and shall thereafter pay benefits to the person or persons who would have been entitled to such amounts if there had been no order. This subsection shall not be construed to limit or otherwise affect any liability, responsibility, or duty of a party with respect to any other party to the action out of which the order arose.

Text of subsection as amended by Acts 2023, 88th Leg., R.S., Ch. 1092 (S.B. 1245), Sec. 2

(k) Except as provided by Subsection (k-2), if a domestic relations order is determined not to be a qualified domestic relations order or if within 18 months of the date a domestic relations order is received by the public retirement system (or applicable carrier, if under the optional retirement program) the issue as to whether such order is a qualified domestic relations order is not resolved, then the public retirement system (or applicable carrier, if under the optional retirement program) shall pay the segregated amounts without interest and shall thereafter pay benefits to the person or persons who would have been entitled to such amounts if there had been no order. This subsection shall not be construed to limit or otherwise affect any liability, responsibility, or duty of a party with respect to any other party to the action out of which the order arose.

(k-1) Payment of segregated amounts by a public retirement system, or applicable carrier if under the optional retirement program, under Subsections (j) and (k) related to a benefit payable with respect to a member or retiree subject to Chapter 820 must include annual interest provided by Section 820.102 and gain sharing interest provided by Section 820.103.

(k-2) Payment of segregated amounts by a public retirement system, or applicable carrier if under the optional retirement program, under Subsections (j) and (k) related to a benefit payable with respect to a member or retiree subject to Chapter 840A must include annual interest provided by Section 840A.103 and gain sharing interest provided by Section 840A.104.

(l) Any determination that an order is a qualified domestic relations order which is made after the close of the 18-month period shall be applied prospectively only.

(m) The public retirement system, the board of trustees, and officers and employees of the public retirement system (or applicable carrier, if under the optional retirement program) shall not be liable to any person for making payments of any benefits in accordance with a domestic relations order in a cause in which a member or a retiree was a party or for making payments in accordance with Subsection (k).

(n) The board of trustees of a public retirement system may promulgate rules it deems necessary to implement the provisions of this section.

(o) Except as specifically provided in this subtitle or by any other statute, public employment does not confer special privileges or immunities on a public employee. An ownership or beneficial interest in any retirement, pension, or other financial plan not included in the definition of "public retirement system" as set forth in Section 804.001 held in whole or in part by an officer or employee of the state or a political subdivision or of an agency or an instrumentality of either, whether obtained in connection with that employment or otherwise, shall be subject to the requirements of the federal laws governing qualified domestic relations orders.

(p) A public retirement system may assess administrative fees on a party who is subject to a domestic relations order for the review of the order under this subchapter and, as applicable, for the administration of payments under an order that is determined to be qualified. In addition to other methods of collecting fees that a retirement system may establish, the retirement system may deduct fees from payments made under the order.

§804.004. Life Annuity or Lump-sum Payment in Lieu of Benefits Awarded by a Qualified Domestic Relations Order.

(a) The board of trustees of a public retirement system to which this chapter applies may by rule provide that, in lieu of paying an alternate beneficiary the interest awarded by a qualified domestic relations order, the system may pay the alternate beneficiary an amount that is the actuarial equivalent of such interest in the form of:

(1) an annuity payable in equal monthly installments for the life of the alternate payee; or

(2) a lump sum.

(b) The determination of whether to pay an amount authorized by this section in lieu of the interest awarded by the qualified domestic relations order shall be at the sole discretion of the public retirement system.

(c) If a public retirement system elects to pay the alternate payee pursuant to this section, the benefit payable by the system to the member, retiree, or beneficiary shall be reduced by the interest in the benefit awarded to the alternate payee by the qualified domestic relations order.

(d) If the public retirement system pays the alternate payee pursuant to this section, the retirement system shall be entitled to rely on a beneficiary designation or benefit option selection made or changed pursuant to its plan without regard to any domestic relations order.

§804.005. Payment in Certain Circumstances in Lieu of Benefits Awarded by Qualified Domestic Relations Order.

(a) This section applies only to the Employees Retirement System of Texas and the Teacher Retirement System of Texas.

(b) A public retirement system to which this section applies shall pay an alternate payee of a member of the retirement system who is described by Subsection (c), if the alternate payee so elects and in lieu of the interest awarded by a qualified domestic relations order on or after January 1, 1985, an amount that is the alternate payee's portion of the actuarial equivalent of the accrued retirement benefit of the member of the retirement system, determined as if the member retired on the date of the alternate payee's election. The amount becomes payable at the time the actuarial equivalent is determined, and the amount is payable in the form of an annuity payable in equal monthly installments for the life of the alternate payee.

(c) A member whose benefits are subject to partial payment under this section is one who has not retired from the retirement system, has attained the greater of the age of 62 or normal retirement age and the service requirements for service retirement, and retains credit and contributions in the retirement system attributable to that service.

(d) If an alternate payee elects to be paid under this section, the retirement system shall reduce the benefit payable by the system to the member or the member's beneficiary by

the alternate payee's portion of the actuarial equivalent determined under Subsection (b).

(e) In determining under Subsection (b) the actuarial equivalent of an accrued retirement benefit, the system shall consider the member's benefit as a normal age standard service retirement annuity, without regard to any optional annuity chosen or beneficiary designated by the member.

(f) The beginning of monthly payments under this section terminates any interest that the alternate payee who receives the payment might otherwise have in benefits that accrue to the account of the member after the date the initial payment to the alternate payee is made.

(g) A public retirement system may adopt rules for administration of this section.

SUBCHAPTER B. SPOUSAL CONSENT REQUIREMENTS

§804.051. Authority to Require Spousal Consent.

A public retirement system may adopt rules to require spousal consent for the selection of a service retirement annuity other than a joint and survivor annuity that pays benefits to the member's spouse on the death of the member or for the selection of a death benefits plan that pays benefits in the form of an annuity to a person other than the member's spouse on the death of the member.

SUBCHAPTER C. TERMINATION OF INTEREST IN PUBLIC RETIREMENT SYSTEM

§804.101. Termination of Interest in Public Retirement System.

The death of an alternate payee as defined in Section 804.001 or the death of a spouse of a member or retiree of a public retirement system to which this chapter applies shall terminate the interest of the alternate payee or spouse in that public retirement system. This section shall not affect an interest in a public retirement system accrued to an individual as a member of the public retirement system.

CHAPTER 805. CREDIT TRANSFER BETWEEN EMPLOYEES RETIREMENT SYSTEM OF TEXAS AND TEACHER RETIREMENT SYSTEM OF TEXAS

§805.001. Definitions.

In this chapter:

(1) "Employees retirement system" means the Employees Retirement System of Texas.

(2) "Member" means a person having membership in the employees retirement system or the teacher retirement system under statutes and rules governing membership in the respective systems.

(3) "Service credit" has the meaning assigned, as applicable, by Section 811.001 or Section 821.001.

(4) "System" means the employees retirement system or the teacher retirement system.

(5) "Teacher retirement system" means the Teacher Retirement System of Texas.

§805.0015. Applicability.

This chapter does not apply to a member of the employees retirement system who is subject to Chapter 820.

§805.002. Eligibility to Transfer Service Credit.

(a) Except as provided by Subsection (h), a member of both the employees retirement system and the teacher retirement system who applies for service or disability retirement from either system may transfer to that system service credit established in the other system if the member has at least three years of service credit in the system from which the member is retiring. If a person whose membership was transferred from the teacher retirement system to the employees retirement system pursuant to Section 43(a), Chapter 812, Acts of the 73rd Legislature, 1993, ceases to hold any position included in the membership of the employees retirement system before the earlier of the date the person retires or dies, the person's service credit accrued in the teacher retirement system before the date the membership was transferred remains credited in that system, unless the person has withdrawn contributions made for the service.

(b) Except as provided by Subsection (h), a member of both the employees retirement system and the teacher retirement system who has less than three years of service credit in the system in which the person most recently received service credit and at least three years of service credit in the other system may, at the time the person applies for service or disability retirement, transfer service credit to the other system from the system in which the person most recently received service credit.

(c) Except as provided by Subsections (e) and (f), a member of the employees retirement system or the teacher retirement system who formerly was a member of the other system may reinstate or purchase service credit in the other system for the purpose of making a transfer under Subsection (a) if the member has at least three years of service credit in the system in which the person currently is a member. Except as provided by Subsections (e) and (f), a member of the employees retirement system or the teacher retirement system who formerly was a member of the other system, who before September 1, 1993, transferred at least three years of service credit to the system in which the person

currently is a member, and who has at least three years of service credit other than the transferred credit in the system in which the person currently is a member may reinstate or purchase service credit in the other system for the purpose of making a transfer of all service credit to that other system.

(d) Except as provided by Subsections (e) and (f), the designated beneficiary of a member of the employees retirement system or the teacher retirement system who dies while holding a position included in the membership of the system may make a transfer under Subsection (a) and a reinstatement or purchase under Subsection (c) if the deceased member had at least three years of service credit in the system in which the member was performing service at the time of death. The designated beneficiary may make a transfer under Subsection (b) if the deceased member had less than three years of service credit in the system in which the member was performing service at the time of death. If a member is not survived by a designated beneficiary, an alternate beneficiary, or a beneficiary provided by law or has failed to designate a beneficiary after becoming a member or resuming membership, the personal representative of the member's estate has the same right under this subsection as a designated beneficiary. A transfer of service by the beneficiary or personal representative of a deceased member's estate is not permitted unless the transfer will result in the payment of a death benefit annuity.

(e) Repealed by Acts 2003, 78th Leg., Ch. 1111, Sec. 46(2), eff. Sept. 1, 2003.

(f) A person who is receiving retirement benefits based on the person's service credited in one system and who applies for service or disability retirement from the other system is not eligible to transfer service credit under this chapter. The designated beneficiary, or the personal representative of the estate, of a person who at the time of death was receiving benefits based on the person's service credited in one system and who held a position included in the other system is not eligible to transfer service credit under this chapter.

(g) To be eligible to make a transfer pursuant to Subsection (d), a person must be the same beneficiary under both retirement systems, except that if the only service credited in the system from which service is being transferred is reinstated service and no beneficiary designation was made at or after the time of reinstatement, the beneficiary in the receiving system may make the election.

(h) A member applying for occupational disability retirement from the employees retirement system may transfer service credit from the teacher retirement system only if the member was contributing to the employees retirement system at the time the disabling condition occurred.

§805.003. Payments to Reinstate or Purchase Service Credit.

The cost of reinstating or purchasing service credit under Section 805.002 is determined according to the statutes that govern the reinstatement or purchase of the type of service credit in the system in which it is to be reinstated or purchased. All payments for service credit reinstated or purchased under Section 805.002 must be made before retirement or the first payment of a death benefit annuity, as applicable, or before a later date if allowed for members of the retirement system in which the credit is to be reinstated or purchased.

§805.004. Transfer of Service Credit.

- (a) A person who elects to transfer service credit under Section 805.002 shall notify, in the manner required by the system to which the credit will be transferred, the system of the election. The system shall notify the other system of the election.
- (b) The systems by rule or agreement shall determine the manner in which the service credit is transferred.
- (c) A transfer of service credit under this chapter cancels service credit and, if applicable, membership in the system from which it is transferred.

§805.005. Applicability of Proportionate Retirement Program.

An election to transfer service credit under Section 805.002 is an alternative to participation in the program provided by Chapter 803, except that a person having service credit in the employees retirement system, the teacher retirement system, and another public retirement system participating in that program may transfer service credit under this chapter, if eligible, and use the combined service credit for purposes of the program provided by Chapter 803.

§805.006. Crediting of Transferred Service Credit; Refund.

- (a) Except as provided by Subsections (b) and (c), service credit transferred under this chapter is credited in the system to which it is transferred according to rules of the teacher retirement system determining the amount of service creditable.
- (b) Not more than one month of service credit may be granted for service during that month.
- (c) A person who transfers service credit under this chapter may not receive service credit for all military service performed in an amount that exceeds the maximum amount creditable in the system to which credit is transferred. A person is eligible for a refund from the system from which credit is transferred under this section of contributions made for military service credit, other than any amount that represents a fee, that exceeds the maximum amount creditable.

§805.007. Effect of Transfer of Service Credit.

- (a) A person who transfers service credit under this chapter forfeits all rights to benefits payable by the system from which it is transferred and is not an annuitant of that system for any purpose, including the payment of postretirement increases to annuitants of that system. This subsection does not preclude a person from receiving benefits as a beneficiary of an account not related to the transferred service credit.
- (b) Service credit transferred under this chapter is considered as if it had been granted for service performed under the system to which it has been transferred and is used in satisfying minimum service requirements for retirement and in determining the amount of benefits that are based on the amount of a person's service credit:
 - (1) except that a person's average salary for the purpose of computing an annuity may be determined only from service credit that was originally established in one system and that results in the higher average salary;
 - (2) except as provided by Section 805.006; and
 - (3) except service credit transferred by a member applying for occupational disability retirement.

§805.008. Responsibility for Benefit Payments.

(a) Except as provided by Subsection (c), the system from which a person’s service credit is transferred under this chapter shall transfer to the other system, at the time the annuity based on the service credit becomes payable, an amount equal to the portion of the actuarial value of the annuity that represents the percentage of the total amount of the person’s service credited in both systems that was credited in the system from which the credit is being transferred.

(b) Except as provided by Subsection (c), the systems jointly by rule shall adopt actuarial tables and investment assumptions to be used in computing actuarial values under this section.

(c) As an alternative to Subsections (a) and (b) and except as provided by Subsection (h), the systems by rule may require the system from which service credit is transferred to pay monthly an amount equal to the portion of the actual value of the monthly payment of the annuity that represents the percentage of the total amount of service credit that is transferred.

(d) For the purpose of computing an amount to be transferred under this section, service credit in either system must be considered as if it were credited under rules of the teacher retirement system determining the amount of service creditable.

(e) An amount transferred under this section is payable from amounts credited to the person’s individual account and amounts credited to the account in which the system places state contributions. Except as provided by Subsection (g), an amount received under this section shall be deposited in the account from which the system receiving the amount pays annuities.

(f) The system to which a transfer is made under this section is responsible for paying the annuity for which the transfer was made, including the entire amount of any increase in the annuity granted after the transfer.

(g) At the time of the death of a person whose membership was transferred from the teacher retirement system to the employees retirement system pursuant to Section 43(a), Chapter 812, Acts of the 73rd Legislature, 1993, the teacher retirement system shall transfer to the employees retirement system the person’s service credit in the teacher retirement system and, if employment with the transferring agency was continuous from the date of transfer to the date of death:

(1) an amount determined under Subsections (a) and (b) or under Subsection (c), if an annuity is paid under Chapter 814; or

(2) the amount of money in the member savings account plus an amount equal to five percent of the person’s account balance for each full year of service credited in the teacher retirement system, if a death benefit other than an annuity is paid under Chapter 814.

(h) If a person elects to receive a partial lump-sum payment under the law governing the system from which the person is retiring, a transfer of an amount equal to the portion of the actual value of a lump-sum payment that represents the percentage of the amount of service credit transferred shall be made at the time the lump-sum payment is made.

§805.009. Rules.

In addition to the rules specifically required by this chapter, a system may adopt other

rules for the administration of this chapter.

CHAPTER 806. Transferred to Subtitle F, Title 10, Government Code, redesignated as Chapter 2270, by Acts 2017, 85th Leg., R.S., Ch. 96, eff. May 23, 2017.

CHAPTER 807. Repealed by Acts 2017, 85th Leg., R.S., Ch. 96, eff. May 23, 2017.

SUBCHAPTER A. GENERAL PROVISIONS

§808.001. Definitions.

In this chapter:

(1) "Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes.

(2) "Company" means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of those entities or business associations, that exists to make a profit.

The term does not include money invested under a plan described by Section 401(k) or 457 of the Internal Revenue Code of 1986.

(5) "Listed company" means a company listed by the comptroller under Section 808.051.

§808.002. Other Legal Obligations.

§808.003. Indemnification of State Governmental Entities, Employees, and Others.

In a cause of action based on an action, inaction, decision, divestment, investment, company communication, report, or other determination made or taken in connection with this chapter, the state shall, without regard to whether the person performed services for compensation, indemnify and hold harmless for actual damages, court costs, and attorney's fees adjudged against, and defend:

- (1) an employee, member of the governing body, or any other officer of a state governmental entity;
- (2) a contractor of a state governmental entity;

- (5) a state governmental entity.

§808.004. No Private Cause of Action.

(a) A person, including a member, retiree, or beneficiary of a retirement system to which this chapter applies, an association, a research firm, a company, or any other person may not sue or pursue a private cause of action against the state, a state governmental entity, a current or former employee, a member of the governing body, or any other officer of a state governmental entity, or a contractor of a state governmental entity, for any claim or cause of action, including breach of fiduciary duty, or for violation of any constitutional, statutory, or regulatory requirement in connection with any action, inaction, decision, divestment, investment, company communication, report, or other determination made or taken in connection with this chapter.

(b) A person who files suit against the state, a state governmental entity, an employee, a member of the governing body, or any other officer of a state governmental entity, or a contractor of a state governmental entity, is liable for paying the costs and attorney's fees of a person sued in violation of this section.

§808.005. Inapplicability of Requirements Inconsistent with Fiduciary Responsibilities and Related Duties.

A state governmental entity is not subject to a requirement of this chapter if the state governmental entity determines that the requirement would be inconsistent with its fiduciary responsibility with respect to the investment of entity assets or other duties imposed by law relating to the investment of entity assets, including the duty of care established under Section 67, Article XVI, Texas Constitution.

§808.006. Reliance on Company Response.

The comptroller and a state governmental entity may rely on a company's response to a notice or communication made under this chapter without conducting any further investigation, research, or inquiry.

SUBCHAPTER B. DUTIES REGARDING INVESTMENTS

§808.051. Listed Companies.

(a) The comptroller shall prepare and maintain, and provide to each state governmental entity, a list of all companies that boycott Israel. In maintaining the list, the comptroller may review and rely, as appropriate in the comptroller's judgment, on publicly available information regarding companies, including information provided by the state, nonprofit organizations, research firms, international organizations, and governmental entities.

(b) The comptroller shall update the list annually or more often as the comptroller considers necessary, but not more often than quarterly, based on information from, among other sources, those listed in Subsection (a).

(c) Not later than the 30th day after the date the list of companies that boycott Israel is first provided or updated, the comptroller shall file the list with the presiding officer of each house of the legislature and the attorney general and post the list on a publicly available website.

§808.052. Identification of Investment in Listed Companies.

Not later than the 30th day after the date a state governmental entity receives the list provided under Section 808.051, the state governmental entity shall notify the comptroller of the listed companies in which the state governmental entity owns direct or indirect holdings.

§808.053. Actions Relating to Listed Company.

(a) For each listed company identified under Section 808.052, the state governmental entity shall send a written notice:

(1) informing the company of its status as a listed company;

(2) warning the company that it may become subject to divestment by state governmental entities after the expiration of the period described by Subsection (b); and

(3) offering the company the opportunity to clarify its Israel-related activities.

(b) Not later than the 90th day after the date the company receives notice under Subsection (a), the company must cease boycotting Israel in order to avoid qualifying for divestment by state governmental entities.

(c) If, during the time provided by Subsection (b), the company ceases boycotting Israel, the comptroller shall remove the company from the list maintained under Section 808.051 and this chapter will no longer apply to the company unless it resumes boycotting Israel.

(d) If, after the time provided by Subsection (b) expires, the company continues to boycott Israel, the state governmental entity shall sell, redeem, divest, or withdraw all publicly traded securities of the company, except securities described by Section 808.055, according to the schedule provided by Section 808.054.

§808.054. Divestment of Assets.

(a) A state governmental entity required to sell, redeem, divest, or withdraw all publicly traded securities of a listed company shall comply with the following schedule:

(1) at least 50 percent of those assets must be removed from the state governmental entity's assets under management not later than the 180th day after the date the company receives notice under Section 808.053 or Subsection (b) unless the

state governmental entity determines, based on a good faith exercise of its fiduciary discretion and subject to Subdivision (2), that a later date is more prudent; and

(2) 100 percent of those assets must be removed from the state governmental entity's assets under management not later than the 360th day after the date the company receives notice under Section 808.053 or Subsection (b).

(b) If a company that ceased boycotting Israel after receiving notice under Section 808.053 resumes its boycott, the state governmental entity shall send a written notice to the company informing it that the state governmental entity will sell, redeem, divest, or withdraw all publicly traded securities of the company according to the schedule in Subsection (a).

(c) Except as provided by Subsection (a), a state governmental entity may delay the schedule for divestment under that subsection only to the extent that the state governmental entity determines, in the state governmental entity's good faith judgment, and consistent with the entity's fiduciary duty, that divestment from listed companies will likely result in a loss in value or a benchmark deviation described by Section 808.056(a). If a state governmental entity delays the schedule for divestment, the state governmental entity shall submit a report to the presiding officer of each house of the legislature and the attorney general stating the reasons and justification for the state governmental entity's delay in divestment from listed companies. The report must include documentation supporting its determination that the divestment would result in a loss in value or a benchmark deviation described by Section 808.056(a), including objective numerical estimates. The state governmental entity shall update the report every six months.

§808.055. Investments Exempted from Divestment.

A state governmental entity is not required to divest from any indirect holdings in actively or passively managed investment funds or private equity funds. The state governmental entity shall submit letters to the managers of each investment fund containing listed companies requesting that they remove those companies from the fund or create a similar actively or passively managed fund with indirect holdings devoid of listed companies. If the manager creates a similar fund with substantially the same management fees and same level of investment risk and anticipated return, the state governmental entity may replace all applicable investments with investments in the similar fund in a time frame consistent with prudent fiduciary standards but not later than the 450th day after the date the fund is created.

§808.056. Authorized Investment in Listed Companies.

(a) A state governmental entity may cease divesting from one or more listed companies only if clear and convincing evidence shows that:

(1) the state governmental entity has suffered or will suffer a loss in the hypothetical value of all assets under management by the state governmental entity as a result of having to divest from listed companies under this chapter; or

(2) an individual portfolio that uses a benchmark-aware strategy would be subject to an aggregate expected deviation from its benchmark as a result of having to divest from listed companies under this chapter.

(b) A state governmental entity may cease divesting from a listed company as provided by this section only to the extent necessary to ensure that the state governmental entity

does not suffer a loss in value or deviate from its benchmark as described by Subsection (a).

(c) Before a state governmental entity cease divesting from a listed company under this section, the state governmental entity must provide a written report to the comptroller, the presiding officer of each house of the legislature, and the attorney general setting forth the reason and justification, supported by clear and convincing evidence, for deciding to cease divestment or to remain invested in a listed company.

(d) The state governmental entity shall update the report required by Subsection (c) semiannually, as applicable.

(e) This section does not apply to reinvestment in a company that is no longer a listed company.

§808.057. Prohibited Investments.

Except as provided by Section 808.056, a state governmental entity may not acquire securities of a listed company.

SUBCHAPTER C. REPORT; ENFORCEMENT

§808.101. Report.

Not later than January 5 of each year, each state governmental entity shall file a publicly available report with the presiding officer of each house of the legislature and the attorney general that:

- (1) identifies all securities sold, redeemed, divested, or withdrawn in compliance with Section 808.054;
- (2) identifies all prohibited investments under Section 808.057; and
- (3) summarizes any changes made under Section 808.055.

§809.003. Indemnification of State Governmental Entities, Employees, and Others.

In a cause of action based on an action, inaction, decision, divestment, investment, financial company communication, report, or other determination made or taken in connection with this chapter, the state shall, without regard to whether the person performed services for compensation, indemnify and hold harmless for actual damages, court costs, and attorney's fees adjudged against, and defend:

- (2) a contractor of a state governmental entity;

§809.005. Inapplicability of requirements inconsistent with Fiduciary Responsibilities and Related Duties.

A state governmental entity is not subject to a requirement of this chapter if the state governmental entity determines that the requirement would be inconsistent with its fiduciary responsibility with respect to the investment of entity assets or other duties imposed by law relating to the investment of entity assets, including the duty of care established under Section 67, Article XVI, Texas Constitution.

§809.006. Reliance on Financial Company Response.

The comptroller and a state governmental entity may rely on a financial company's response to a notice or communication made under this chapter without conducting any further investigation, research, or inquiry.

SUBCHAPTER B. DUTIES REGARDING INVESTMENTS

§809.051. Listed Financial Companies

(a) The comptroller shall prepare and maintain, and provide to each state governmental entity, a list of all financial companies that boycott energy companies. In maintaining the list, the comptroller may:

(1) review and rely, as appropriate in the comptroller's judgment, on publicly available information regarding financial companies, including information provided by the state, nonprofit organizations, research firms, international organizations, and governmental entities; and

(2) request written verification from a financial company that it does not boycott energy companies and rely, as appropriate in the comptroller's judgment and without conducting further investigation, research, or inquiry, on a financial company's written response to the request.

(b) A financial company that fails to provide to the comptroller a written verification under Subsection (a)(2) before the 61st day after receiving the request from the comptroller is presumed to be boycotting energy companies.

(c) The comptroller shall update the list annually or more often as the comptroller considers necessary, but not more often than quarterly, based on information from, among other sources, those listed in Subsection (a).

(d) Not later than the 30th day after the date the list of financial companies that boycott energy companies is first provided or updated, the comptroller shall file the list with the presiding officer of each house of the legislature and the attorney general and post the list on a publicly available Internet website.

§809.052. Identification of Investment in Listed Financial Companies.

Not later than the 30th day after the date a state governmental entity receives the list provided under Section 809.051, the state governmental entity shall notify the comptroller of the listed financial companies in which the state governmental entity owns direct holdings or indirect holdings.

§809.053. Actions Relating to Listed Financial Company.

(a) For each listed financial company identified under Section 809.052, the state governmental entity shall send a written notice:

(1) informing the financial company of its status as a listed financial company;

(2) warning the financial company that it may become subject to divestment by state governmental entities after the expiration of the period described by Subsection (b); and

(3) offering the financial company the opportunity to clarify its activities related to companies described by Sections 809.001(1)(A) and (B).

(b) Not later than the 90th day after the date the financial company receives notice under Subsection (a), the financial company must cease boycotting energy companies in order

to avoid qualifying for divestment by state governmental entities.

(c) If, during the time provided by Subsection (b), the financial company ceases boycotting energy companies, the comptroller shall remove the financial company from the list maintained under Section 809.051 and this chapter will no longer apply to the financial company unless it resumes boycotting energy companies.

(d) If, after the time provided by Subsection (b) expires, the financial company continues to boycott energy companies, the state governmental entity shall sell, redeem, divest, or withdraw all publicly traded securities of the financial company, except securities described by Section 809.055, according to the schedule provided by Section 809.054.

§809.054. Divestment of Assets.

(a) A state governmental entity required to sell, redeem, divest, or withdraw all publicly traded securities of a listed financial company shall comply with the following schedule:

(1) at least 50 percent of those assets must be removed from the state governmental entity's assets under management not later than the 180th day after the date the financial company receives notice under Section 809.053 or Subsection (b) unless the state governmental entity determines, based on a good faith exercise of its fiduciary discretion and subject to Subdivision (2), that a later date is more prudent; and

(2) 100 percent of those assets must be removed from the state governmental entity's assets under management not later than the 360th day after the date the financial company receives notice under Section 809.053 or Subsection (b).

(b) If a financial company that ceased boycotting energy companies after receiving notice under Section 809.053 resumes its boycott, the state governmental entity shall send a written notice to the financial company informing it that the state governmental entity will sell, redeem, divest, or withdraw all publicly traded securities of the financial company according to the schedule in Subsection (a).

(c) Except as provided by Subsection (a), a state governmental entity may delay the schedule for divestment under that subsection only to the extent that the state governmental entity determines, in the state governmental entity's good faith judgment, and consistent with the entity's fiduciary duty, that divestment from listed financial companies will likely result in a loss in value or a benchmark deviation described by Section 809.056(a). If a state governmental entity delays the schedule for divestment, the state governmental entity shall submit a report to the presiding officer of each house of the legislature and the attorney general stating the reasons and justification for the state governmental entity's delay in divestment from listed financial companies. The report must include documentation supporting its determination that the divestment would result in a loss in value or a benchmark deviation described by Section 809.056(a), including objective numerical estimates. The state governmental entity shall update the report every six months.

§809.055. Investments Exempted From Divestment.

A state governmental entity is not required to divest from any indirect holdings in actively or passively managed investment funds or private equity funds. The state governmental entity shall submit letters to the managers of each investment fund containing listed financial companies requesting that they remove those financial companies from the fund or create a similar actively or passively managed fund with indirect holdings devoid of listed financial companies. If a manager creates a similar fund with substantially the same

management fees and same level of investment risk and anticipated return, the state governmental entity may replace all applicable investments with investments in the similar fund in a time frame consistent with prudent fiduciary standards but not later than the 450th day after the date the fund is created.

§809.056. Authorized Investment in Listed Financial Companies.

(a) A state governmental entity may cease divesting from one or more listed financial companies only if clear and convincing evidence shows that:

(1) the state governmental entity has suffered or will suffer a loss in the hypothetical value of all assets under management by the state governmental entity as a result of having to divest from listed financial companies under this chapter; or

(2) an individual portfolio that uses a benchmark-aware strategy would be subject to an aggregate expected deviation from its benchmark as a result of having to divest from listed financial companies under this chapter.

(b) A state governmental entity may cease divesting from a listed financial company as provided by this section only to the extent necessary to ensure that the state governmental entity does not suffer a loss in value or deviate from its benchmark as described by Subsection (a).

(c) Before a state governmental entity may cease divesting from a listed financial company under this section, the state governmental entity must provide a written report to the comptroller, the presiding officer of each house of the legislature, and the attorney general setting forth the reason and justification, supported by clear and convincing evidence, for deciding to cease divestment or to remain invested in a listed financial company.

(d) The state governmental entity shall update the report required by Subsection (c) semiannually, as applicable.

(e) This section does not apply to reinvestment in a financial company that is no longer a listed financial company.

§809.057. Prohibited Investments.

Except as provided by Section 809.056, a state governmental entity may not acquire securities of a listed financial company.

SUBCHAPTER C. REPORT; ENFORCEMENT

§809.101. Report.

Not later than January 5 of each year, each state governmental entity shall file a publicly available report with the presiding officer of each house of the legislature and the attorney general that:

(1) identifies all securities sold, redeemed, divested, or withdrawn in compliance with Section 809.054;

(2) identifies all prohibited investments under Section 809.057; and

(3) summarizes any changes made under Section 809.055.

§809.102. Enforcement.

The attorney general may bring any action necessary to enforce this chapter.
